

Unit 2: Painting - MURALS

Visual Arts are an essential element of culture and personal identity.

Curricular Competencies

The project you are going to show me that you can:

- Take creative risks to express thoughts and emotions through artistic works – plans
- Anticipate audience impact of design choices and artistic works – final piece is school appropriate but also shows off something you are passionate about.
- Connect with others on a local, national, or global scale – critique, student input.
- Express ideas, emotions and values in art making – what is your passion?
- Create artistic works to reflect personal voice – how is your passion represented in the final piece?

Art Project

You are going to create a... painted mural for the school walls combining your thoughts and opinions with others. Murals must combine student passion or interests with school rules: No violence, dark subject matter, no sexual material, and no references to holding/using drugs, alcohol or vaping.

Guided Practice

Title of Practice Piece:	Mrs. Addison's Comments:
<p>Sketchbook plans, material experiments Create a very rough thumbnail sketch of what your mural could look like. The sketch should consider balance, space, composition. Then use materials to consider how to create texture, line, colour, value.</p>	
<p>Rough Copy Using 8x10" or 11x17" paper work with the people in your group to create a well-crafted rough copy of your mural idea. The colours, textures, values, background and composition should be exactly as they will appear in the good copy. *Submit to office if necessary.</p>	

Assessment

Write down what you need to show me so I know that YOU understand the curricular competencies.

Score	My project looks like this:
	A fully painted mural, well-crafted with intentionality. Student's ideas are clear through symbolism while still school appropriate.
	A fully painted mural, well-crafted with intentionality.
	Mural is almost finished – will be well crafted with intentionality upon completion. More time is needed to finish.
	Mural is almost finished – craftsmanship is problematic, more practice and time are needed to finish successfully.
