

Pencil Techniques and Figure Drawing

Using a set of PENCILS shade in each square from lightest (4H) to darkest (8B)

*Hint! Use the side of the pencil rather than the tip to get a nice soft blend.

Try to replicate these shades, blend smoothly from one side to the next.

Using a variety of pencils, copy the cactus into the big grid. Use the picture to help you see what lines go in which box. Use the picture to look at where the light and dark areas are and add TONE.

Write down what pencils you used and add a "swatch" for each one.

Pencil Techniques and Figure Drawing

Start by drawing lightly so you can erase later.

Use a stick figure with joints to start.

Draw around the stick figure to build up the body. Give curves for muscles and joints.

Keep the hands simple

Keep the face simple. Draw the hair after you finish the face.

Draw the clothes last. The skirt has waves. The top is skin tight
